

Family Deweer – The Art of Fearless Living

You know, from time to time we are forced to do things differently, to see the things in another perspective and to color outside the lines because in life, not a single line goes straight, life has it's challenges for everyone, ours happened to be childhood cancer...

Our little family decided to do anything in our power to help organizations who walk a lot of extra miles in cancer research.

To do things in another way, to encourage people to look differently to the beautiful things in life, we were lucky to team up with JP Demeyer. The Master in atmosphere has chosen a particular selection of artworks out of our collection. He transformed room 2 at Deweer Gallery into a real Roman Villa and he found a perfect spot for the chosen artworks.

The way in which he curated this exhibition, JP Demeyer forces us to look at so many different ways to beauty, life, artworks, design and interior. So be prepared to see the beauty of art in a different way than we used to do in the past.

The selection of artworks can be seen at our gallery in Otegem as well as digitally. The online shop will be open from August 22nd at 12pm www.deweergallery.com/ghislain

Our whole family decided to donate Up to 50% off the selling price to the international trial in Neuroblastoma, the very rare cancer that our brave boy Ghislain had to deal with in 2020, and My Cancer Navigator.

We hope you will find the way to Otegem together with your loved ones to make this charity event so memorable.

With love,
Gerald, Marie, Colette and Ghislain Deweer
